THE FREEDOM OF CREATION

OUR STORY

It was 23 years ago that the passion of a young man to do something creative lead to the establishment of this company. Coming from a Suthar(Carpenter) family background, he was fascinated by the techniques of making furniture at a young age. Due to the poor family condition, he could not complete his education and started working as a carpenter. He worked for 10 years before starting his own furniture manufacturing company named Vishwakarma Industries and after that there was no way looking backward. He is Mr. MalaRam Suthar, the man behind the story.

Vishwakarma Industries has been constantly growing and fulfilling the promise of providing best quality furniture to the buyers at best prices. Our key markets are Germany and United Kingdom.

WHO WE ARE

Our company was established in 1997. We being based in the city of world famous handicrafts, Jodhpur (Rajasthan, India), are the manufacturer and exporter of various handcrafted furniture products and have got this art as a gift from our ancestors.

At Vishwakarma Industries, we believe in Sustainable Development and for that cause, the timber wood used by us comes from genuine sources. We use only Vriksh Certified Sheesham wood (Dalbergia sisso).
